## Have You Ever Noticed

How much we talk about "Better Furniture?" Why, it's almost a slogan of ours.

What we mean by it is not that you ought to buy more expensive furniture than you can afford, but that you can buy better furniture at the price you wish to pay.

There are good things which are also beautiful to be had at whatever price you feel you can pay.

It's economy to look for the best you can get for your money and the place to look for economy is at Shallene Bros.
